

# VET TEC Program

## WHAT IS THE VET TEC PROGRAM?

VET TEC is an acronym for Veteran Employment Through Technology Education Courses. This is a program offered under the direction of the Veterans Administration that will pay for Veterans to get training in technology jobs without consuming their GI Bill® benefits. This program is an alternative to the Post-9/11 GI Bill®, with a focus on getting Veterans into flexible, in-demand, high-paying careers like, e.g., information security and software coding. As per the Department of Veterans Affairs website Intellectual Point is listed as a VET TEC Training Provider.

## What are the main differences between the VET TEC Program and the GI Bill®?

- Using your GI Bill® subtracts from your remaining benefits and VET TEC does not.
- VET TEC only provides training in concentrated, technology boot camps and trade schools; the GI Bill® may be used for traditional degrees as well.
- Eligibility for the two programs differs. Active duty service members, Transfer of Entitlement (TOE) spouses, and some others are not eligible for VET TEC.
- A Veteran needs to be enrolled in the program for 18 hours per week, to receive reimbursement through VET TEC.
- A student Veteran must graduate and secure meaningful employment (as defined by the VA) in order to initiate full tuition and fee reimbursement to the training provider.

## Courses Approved to Receive Reimbursement Through the VET TEC Program At Intellectual Point:

- [Amazon Web Services Certified Solutions Architect – Associate](#)
- [Big Data Analytics Tableau and Splunk](#)
- [Certified Ethical Hacker \(CEH\)](#)
- [Certified Information Systems Security Professional \(CISSP\)](#)
- [Cisco Certified Network Associate \(CCNA\)](#)
- [Cisco Certified Network Professional \(CCNP\)](#)
- [CompTIA Cloud+](#)
- [CompTIA Cybersecurity Analyst \(CySA+\)](#)
- [CompTIA Network+](#)
- [CompTIA Security+](#)

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

## Are there any benefits that are the same in the VET TEC Program and the GI Bill® ?

- **YES**, you will still receive a form of Military Housing Allowance (MHA) while training with the VET TEC.
- You can still use your GI Bill® benefits after graduating from a VET TEC program if you choose.

## How do I know if the VET TEC Program is the best option for me?

- If you can answer “**YES**” to the following questions, then the VET TEC Program can work for you!
  - Are you a military Veteran?
  - Are you eligible for the GI Bill® ?
  - Do you still have any GI Bill® benefits remaining? (Even one day is enough)!
  - Are you seeking a new career?
  - Are you interested in working in technology?
  - Are willing and able to do what it takes to get the education and employment?

## If I already work in the tech industry at an entry-level position, am I allowed to use VET TEC to further my technical education?

**YES!** If you are eligible for VET TEC and you are able to get into a program with an approved provider, then you are able to use a VET TEC training institution to advance your career. The VA does not exclude participants who are already working in their target industry.

## If I apply for VET TEC benefits and use them, how will that affect my current GI Bill® benefits that I have not used?

Even if you use VET TEC, you will still keep every last GI Bill® benefit you currently have. The VA does not take away or subtract from any of your GI Bill® entitlements because of VET TEC.

## How do I enroll in the VET TEC Program?

- In order to be eligible for the VET TEC Program, Veterans must submit an application to the VA. Even if a Veteran is not sure if they are eligible for the VET TEC Program, they should apply at:  
[https://www.benefits.va.gov/GIBILL/fgib/VetTec\\_Veteran.asp](https://www.benefits.va.gov/GIBILL/fgib/VetTec_Veteran.asp)
- Veterans should make sure that their address and their direct deposit information are up to date with the VA. To update your address, submit an Email to [VETTEC.VBABUF@va.gov](mailto:VETTEC.VBABUF@va.gov), or call (888) 442-4551.
- To report changes to your Direct Deposit account, contact the VA and provide: your new account number; your 9-digit routing number; and your type of account (checking or savings).
- You will need to verify your enrollment on a monthly basis.
- A Veteran needs to be enrolled in the program for 18 hours per week, to receive reimbursement through VET TEC.

## What sets Intellectual Point apart from other training providers?

- Intellectual Point provides information technology courses which are designed especially to respond to market trends and / or employer needs and demands;
- Our Instructors are Subject Matter Experts in their fields and are available to teach courses at the conceptual level, as well as hands-on components to reinforce what is taught;
- We deliver classes during the evenings and weekends as well as during the weekdays to offer all students an opportunity to participate, including those with daytime jobs and families;
- We are an on-site authorized Pearson VUE, Prometric, Kryterion, and ISO testing partner and are open on weekends, as well as weekdays, to accommodate individuals' varied schedules;
- Our commitment to our students is unparalleled, from the earliest days of their training to the moment they have found just the right opportunity to advance their careers and capitalize on their certifications earned;
- We assist with resume preparation, job interviews, placement assistance, and even additional training down the road as their careers continue to expand and grow; and
- We have been awarded acknowledgement by the Governor of the Commonwealth of Virginia for our support of "Virginia Values Veterans", which actively works with employers to assist with best practices for recruiting, hiring and retaining Vet talents.
