POINT

Training Program

A Splunk Phantom Certified Admin installs, configures, and uses Phantom servers and plans, designs, creates, and debugs basic playbooks for Phantom. These highly skilled individuals are proficient in complex Phantom solution development, and can integrate Phantom with Splunk as well as develop playbooks requiring custom coding and REST API usage. This certification demonstrates an individual's knowledge and skills in installing and configuring a Phantom server and integrating it with Splunk, as well as planning, designing, creating, and debugging Playbooks.
