Intellectual
POINT

CISSP® prep course for the CISSP® certification exam is designed to prepare you to pass the CISSP® exam.

This program is a comprehensive review course that assumes the student has a basic understanding of networks and focuses exclusively on the eight domains of knowledge as determined by (ISC)² CBK.

After completion of the course, the student will have a good working knowledge of the eight domains of security knowledge. Using this course, students prepare for the exam while, at the same time, obtain essential security knowledge that can be immediately used to improve organizational security. This is your best bet for making sure you're properly prepared for tackling the CISSP® certification and take on the challenges inherent in a world of constantly evolving information.

PREREQUISITES

In order to obtain the CISSP certification, you must have:

- At least five years of professional experience in the information security field
- A work history reflecting direct experience in at least two of the eight domains listed in the (ISC)² CISSP Common Body of Knowledge (CBK)

However, you can become an Associate of (ISC)² by passing the exam without the required work experience.

Learning Objectives

- **CBK DOMAIN 1:** Security & Risk Management
- **CBK DOMAIN 2:** Asset Security
- **CBK DOMAIN 3:** Security Engineering
- **CBK DOMAIN 4:** Communication & Network Security
- **CBK DOMAIN 5:** Identity and Access Management
- **CBK DOMAIN 6:** Security Assessment & Testing
- **CBK DOMAIN 7:** Security Operations
- **CBK DOMAIN 8:** Software Development Security
