WHAT IS THE GI BILL® PROGRAM?

The Servicemen's Readjustment Act of 1944, commonly known as the GI Bill®, was enacted to provide a variety of benefits to wartime servicemembers after World War II. The term GI Bill has been coined since then to refer to the educational benefits available to service members who qualified for the benefits during their service. Available to service members who qualify is the Post 9/11 GI Bill (Chapter 33). Additionally, for dependents of qualifying veterans, there is educational assistance available through the Survivors' and Dependents' Educational Assistance program (Chapter 35). The GI Bill provides monetary assistance to service members, veterans, and their dependents to help pay for college, graduate school, and a variety of training and certification programs.

Intellectual Point is currently approved by the Virginia State Approving Agency under 38 U.S. Code 3315B 3315 to offer GI Bill® education benefits to service members, veterans, and their dependents eligible under Chapter 33 and 35 specific to industry certification preparatory courses.

Chapter 33 and Chapter 35 recipients may seek reimbursement from the Department of Veterans Affairs for tuition and fees paid to Intellectual Point for approved programs. After the veteran or dependent has paid for and attended the course, they may submit to the VA, [VA Form 22-10272](#) to the appropriate Regional Processing Office Based on their address. You will need to include the verification of enrollment form and the receipt of payment from Intellectual Point.
