

Training Program

Project Management Institute (PMI) offers a professional certification known as the Certified Associate in Project Management (CAPM)[®] for individuals seeking to gain more responsibility or add project management skills to their current role. The CAPM[®] certification offers recognition to practitioners who are interested in, or just starting, a career in project management, as well as project team members who wish to demonstrate their project management knowledge. This certification indicates knowledge of common practices used by an associate-level project manager as outlined in the CAPM Examination Content Outline (ECO).

CAPM[®] is registered trade mark of the Project Management Institute[®], Inc.

Certified Associate Project Manager (CAPM[®])

PMI's Certified Associate in Project Management (CAPM[®]) credentials is one of the most important industry-recognized certifications for project managers.

PREREQUISITES

You'll need to have the following in order to sit for the CAPM exam:

- A high school diploma, GED, associate degree, or equivalent
- 23 hours of project management education completed before the time of the exam

Once you've completed at least 23 hours of education, you're qualified to take the exam. The CAPM exam contains 150 questions and you'll have three hours to complete it.

Duration
5 Days
