Intellectual POINT
EXCELLENCE THROUGH EDUCATION

Training Program

The Specialized AI Professional Certification focuses on assessing knowledge and skills in constructing and deploying intelligent robots with cognitive capability encompassing AI, ML, and NLP.

The Specialized AI Professional is a valuable credential that represents a high level of expertise, particularly suited for roles such as Advanced Automation Developers, Solution Architects, Automation Architects, and other related positions.

TARGET AUDIENCE

- Automation Developers involved with Document Understanding and Communication Mining projects
- Roles requiring Automation Developer expertise with a focus on Document Understanding and Communication Mining, including Automation Architects, Solution Designers, Automation Engineers, Solution Architects, Process Automation Architects, and more.

Learning Objectives

- Define what UiPath Document Understanding is.
- Distinguish between structured, unstructured, and semi-structured documents that can be processed with Document Understanding.
- Differentiate between the two common types of data extraction methodologies: rule-based and model-based.
- Differentiate between OCR and Document Understanding.

- UiPath Studio - Document Understanding Activities
- DU Specific UiPath Implementation Methodology
- UiPath AI Center
- UiPath Document Understanding Process Template
- UiPath Communications Mining - Model Training, Setup, Discover, Explore, Refine and Maintain

Course Schedule

SESSION 1:
- Document Understanding
- Document Framework
- Document Understanding Activities
- Implementation Methodology
- AI Center

SESSION 2:
- Document Understanding Process Template
- Communications Mining, Model Training, Taxonomy Design, Setup, Discover, Explore and Refine and Maintain

SESSION 3:
- Label Performance Indicators
- Analytics & Monitoring
- Automation and Model Management

Certified Professional
SPECIALIZED AI PROFESSIONAL CERTIFICATION
UiPath

COURSE FEATURES

- Live instructor-led training in modern classrooms
- Thorough review of UiPath Studio, UiPath Robots, and UiPath Orchestrator by industry experts
- Hands-on labs with computer hardware and software
- 100% latest material & and all practice questions
- Confidence building hands-on training
- Authorized Pearson VUE testing at same location to help you complete your exam*
- Study material, notes, videos and practice questions included in course price
